Corner Stone Credit Union Wants to Help Your Kids Picture Their Future!

We often look at pictures to remember the past, but are you ready to picture your future?

If you ask your children, they can likely picture a future they would like to live in. Some dream to become doctors and help people, others want to be known for their talent. For children and teenagers, the future brings limitless possibilities. But no matter what their dream is, financial education can be instrumental in helping them achieve their goals.

The theme for this year's Youth Month is "The future is yours... Picture it! Save for it! Share it!". Together, we're encouraging youngsters to express themselves through photography, sharing their visions for their own financial futures so we can help them get there.

Use of Polaroid images in juxtaposition to photos of accomplished adults in the theme is no coincidence - research shows that when you picture yourself in the future achieving a goal, like becoming a ballet dancer or going to college, saving for it becomes easier.
